

**To: Al Sirag Al Mudea Mine Action Co.**

**Date: June 16, 2015**

**Subject: Letter of Appreciation**

**No: 57**

**Attention: Mr. Mohammed Saad**

Al Safsafa,s role is normally in the Quality Assurance and Quality Control fields and we have been responsible for monitoring and reporting on Al Sirag on various projects more recently on the Al Faw Grand Ports Construction project (2013-2014).

We found Al Sirag to be very professional and the clearance they undertook was of a high standard which made our monitoring and reporting of the project very easy.

We would have no reservations in recommending Al Sirag to any prospective companies looking for an efficient and effective Mine and UXO clearance company.

**Saad Abdul Samad  
Manager Director**
